Employment: Hornsby Ku-ring-gai Health Service is an equal opportunity employer. Our friendly Health Service is a terrific place to work. The Hornsby Ku-ring-gai Hospital is a major metropolitan hospital situated in Hornsby on the Upper North Shore of Sydney. It is located near the Ku-ring-gai National Park which offers some spectacular scenery and a variety of bush walking trails. The hospital is based near the F3 motor way which links Sydney with the Central Coast via a 45 minute drive. Many staff commute on the motorway from the Central Coast to work at HKH.

Hornsby Ku-ring-gai Health Service provides a number of excellent services for staff. Self-rostering is practised widely in the hospital. There is a focus on **flexibility** and **staff support**. Staff are well supported by our [Human Resources Department](#), strong commitment to continuing staff education, [staff Library](#), [Occupational Health and Safety](#) program, **flexible rosters**, Rehabilitation Counsellor and [Staff Counselling Service](#). There is also a [Child Care Centre](#) located on the Hospital campus, which gives preference to staff.

You will find health jobs advertised on the [NSW Health Website](#).
